Precautions

Use aseptic technique when handling this supplement. This product is for further manufacturing use. THIS PRODUCT IS NOT INTENDED FOR HUMAN OR THERAPEUTIC USE.

Storage

To effectively preserve the integrity of this supplement, it should be stored frozen and protected from light. For stability and optimal performance, this product should be stored at -10 to -40 C. Do not use after the expiration date. Multiple freeze/thaw cycles can hasten the degradation process and should be avoided.

Indications of Deterioration

Supplement should be clear of particulates and flocculent material. Do not use if supplement is cloudy or contains precipitate. Other evidence of deterioration may include color change, as well as degradation of physical or performance characteristics.
