

## Specification Sheet

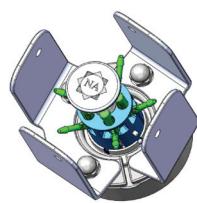

# NovaSeptum® Accessories

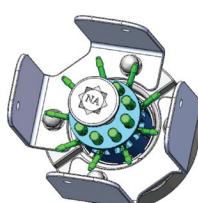

NovaSeptum® accessories include a volume indicator, crimped tube caps and a holder guard. The volume indicator is used with NovaSeptum® High Purity flat bags in order to indicate the approximate volume of your sample. The crimped tube cap protects the crimped pinch pipe during transportation and storage. The holder guard protects the NovaSeptum® sterile sampling assembly throughout the process. A certificate of quality is included in each box.

Crimped Tube Cap

Holder Guard for 1.5 in.  
NovAseptic® Connector

Holder Guard for 2.0 in.  
NovAseptic® Connector

## Specifications
