

BUILD THE FUTURE

We are your single source partner for all your essential chemical R&D, QC and manufacturing products and services. Our extensive portfolio, tailored to your specific industry workflow, delivers reliable reproducibility and consistent performance, allowing you to be more productive in your daily activities

Chemical Synthesis Workflow

Our featured workflow focuses on a full range of reliable products and services for your chemical R&D and QC laboratories.

Synthesis

Reaction Monitoring

Workup Purification

Analytical Characterization

Synthesis

- Building Blocks
- Solvents
- Catalysts
- Reagents
- Synthetic Reagents
- Organometallic
- Monomers
- Water Purification Solutions
- Labware
- Cleaning

Reaction Monitoring

- LC-MS
- GC & GC-MS
- TLC
- UHPLC
- NMR
- HPLC
- Indicators
- Water Purification Solutions
- Labware
- Cleaning

Workup Purification

- Adsorbants
- Prep HPLC
- Flash Chromatography
- LPLC
- Solvents
- Water Purification Solutions
- Labware
- Cleaning

Analytical Characterization

- Standards
- NMR
- GC-MS
- TLC
- HPLC
- Karl Fischer Reagents
- Water Purification Solutions
- Labware
- Cleaning
