More of what you want for your lab

Focus on your job. Trust our chemistry expertise.

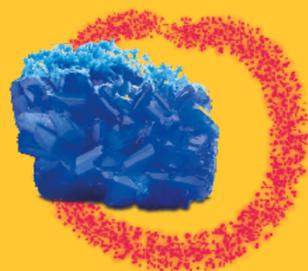

As a result of Merck Millipore and Sigma-Aldrich coming together, we have more chemists and a broader portfolio. We're able to bring innovative product lines as well as classical lab chemicals right to your lab.

How do we ensure reliability and consistency? We are the only manufacturer supplying products with extensive specifications that are tested for suitability in multiple applications. We cannot accept high variance, and neither should you.

Our added experience and knowledge in manufacturing biochemicals means we deliver lot-to-lot consistency in all package sizes and across product grades.

Rely on our consistency, technical experts, ordering, and uninterrupted supply.
